Dear Boalt Graduate:

Congratulations! In a few minutes you will shift your identity from a graduate student to a very powerful Boalt alumna/us. We hope you will use that new power wisely and bravely in the service of the rule of law and justice.

War criminal John Yoo is still at Boalt, despite your informational panels and protests. Many of you have worked hard to bring Yoo to justice, and now—as alumni—you have the opportunity to help finish the job. We urge you to:

- **Speak out about his crimes to both the UC Berkeley Administration and to the profession you become a member of today;**
- **Withhold financial gifts to the University until it holds him accountable for his crimes;**
- **Urge the Bar you join to sanction whichever of the long list of Bush-Cheney war criminals are within its jurisdiction. For example, Yoo belongs to the Pennsylvania Bar, Haynes to the California Bar, and Bybee to the Nevada Bar.**

You can be the last class to graduate while Boalt harbors an international war criminal. Please exercise your new power now!

Sincerely,
